Message from Our President

It is indeed my pleasure to welcome you as a potential client to East Coast Protective Services, Inc. and Southeast Protection Services, Inc. Our business is to protect your business! We offer personalized professional asset protection and investigative services.

I firmly believe in the principles in which our company is founded where our only service is “Quality Service.” Our company brings over 25 years of experience to the security and investigative business and is committed not only to you, our client, but to the communities in which we serve. With an extensive knowledge of asset protection, the judicial system and its process, I feel that our company is uniquely suited to provide the best possible security and loss prevention techniques to your company.

We provide a wide array of services all customized to meet the needs of not only you, the client, but your company’s budget as well. When you become an East Coast Protective Services, Inc., or a Southeast Protection Services, Inc. customer, we begin with a thorough review of your company’s goals. It is our desire to begin to strategize with the company’s leadership team to methodically implement an operating plan structured to suit the goals and needs of your organization. Our strategic and proactive approach also places our team in positions to assist our client’s through a process to understand and prevent potential security issues.

This team approach offers not only the highest quality of customer care, but access to the management team of East Coast Protective Services, Inc., and Southeast Protection Services, Inc.

I welcome the opportunity to personally meet with you and discuss how we can serve your company as well as save you time and money, while minimizing the risk of your assets.

Ready to Protect Your Assets? We Are!

Gerald V. Montgomery

President
